The **Ortho Roll Casting Pad (Soft)** is specially designed for orthopaedic applications, providing gentle cushioning and superior comfort during plaster and cast procedures.

Made from **soft synthetic fibers**, it effectively absorbs **sweat and exudates**, preventing skin maceration and irritation. The smooth texture forms a comfortable layer between the skin and POP (Plaster of Paris), helping ensure patient comfort and **faster recovery**.

- **Soft and comfortable** texture for enhanced patient comfort
- **Prevents skin maceration** by absorbing moisture
- **Provides effective cushioning** under orthopaedic plasters
- **Protects bony prominences** from pressure and friction
- **Easy to handle and apply** for clinical use

Usage:

- Used for cushioning under orthopaedic plasters and casts
- Ensures extra comfort and protection of bony areas
