15 cm × 3 mtr / 4 mtr

Description

Our Gauze Bandages, also known as Rolled Gauze Bandages, are made from high-quality absorbent gauze fabric and are widely used in medical environments. These absorbent gauze bandages are manufactured using superior-grade fabrics to ensure optimum softness, durability, and breathability.

They are ideal for dressing superficial wounds, securing dressings, and supporting fractured bones or injured body parts during rehabilitation and recovery. Produced under strict quality control standards, these bandages can be customized as per client requirements within the specified time frame.

Features

- Made from high-quality absorbent gauze fabric
- Soft, breathable, and comfortable for prolonged use

- Provides firm support during recovery and rehabilitation
- Suitable for dressing, padding, and fixation purposes
- Can be customized as per client requirement

Usage

- For dressing and securing wounds
- For light compression and support during recovery
- Suitable for use in hospitals, clinics, and first-aid applications
