The **Gauze Swab (Non-Sterile)** is made from **fine-quality cotton yarn**, bleached with **hydrogen peroxide** to ensure superior absorbency and whiteness. Each swab is **machine-made** for consistency and precision, with edges neatly tucked in to prevent fraying.

These swabs are available **with or without X-ray detectable filament thread**, offering flexibility for different medical applications. Every piece undergoes **strict quality inspection** to ensure a defect-free and safe product.

- Made from **high-absorbency cotton gauze**
- **Bleached with hydrogen peroxide** for purity and softness
- Available **with or without X-ray detectable thread**
- **Neatly folded edges** for clean application

- Thoroughly **quality-checked** for reliable performance

**Usage:**

- Suitable for **eye dressing** and general wound care applications
