The **Human Medical Device Abdominal Gauze Swab** is sterilized using advanced **gamma radiation technology** to ensure long-lasting sterility and patient safety. Each swab is bleached with **hydrogen peroxide and demineralized water**, making it pure, soft, and highly absorbent.

These gauze swabs are carefully inspected for cloth construction, softness, and absorbency, fully complying with **Pharmacopeia standards**. Designed for medical professionals, they are available **with or without X-ray detectable thread**, making them suitable for various surgical and post-operative applications in hospitals and healthcare facilities.

- **Highly absorbent** material ensures efficient wound care
- **Strong tensile strength** and softness for patient comfort

- **X-ray detectable blue thread** stitched inside for safety and traceability
- Sterilized using **gamma radiation** for reliable sterility
- Suitable for **cleaning and dressing low-exudate wounds**
- Manufactured in accordance with **Pharmacopeial quality standards**
