High-quality, non-corrosive, rust-resistant, and durable stainless steel instrument trays designed for professional medical use. These trays are **easy to clean, autoclavable, and reusable**, making them ideal for **hospitals, laboratories, and surgical centers**.

Each tray comes with a **flat cover featuring recessed lid handles** for convenient handling and secure storage. The design accommodates a wide range of medical instruments, tools, and catheters while maintaining a sterile environment.

Features :

- Made from premium stainless steel – corrosion and rust-resistant
- Durable, hygienic, and easy to sterilize (autoclavable)
- Flat cover with recessed handle for secure closure and easy handling
- Ideal for hospitals, clinics, and labs
- Smooth finish with rounded edges for added safety
