

Product Name:

Dressing Drum

Product Code: HMSD.9024

Size Availability

- 6" x 6"
- 8" x 8"
- 9" x 6"
- 9" x 9"
- 11" x 5"
- 11" x 9"
- 12" x 10"
- 14" x 10"

A **Stainless Steel Dressing Drum** is a cylindrical, lidded container designed for the **storage, sterilization, and transportation** of dressings, surgical instruments, and other sterile medical supplies. These drums are crafted from **high-quality stainless steel**, ensuring durability, corrosion resistance, and long service life.

Each drum is **equipped with a secure clamp or locking system** to keep the lid tightly closed during sterilization and handling, maintaining sterility of the contents. The **vent holes and perforated band** allow effective steam penetration and

drying during autoclaving.

Widely used in hospitals, clinics, and surgical centers, these dressing drums are **easy to clean, reusable, and autoclavable**, making them an essential part of any sterile supply system.

Features

- Made from premium-grade stainless steel for durability and corrosion resistance
- Designed for safe storage and sterilization of medical dressings and instruments
- Secure clamp lock ensures airtight closure during sterilization
- Perforated band allows effective steam penetration
- Autoclavable and reusable – ideal for hospitals and clinics
- Available in multiple sizes as per medical requirements
