

Product Name:

Cheatle Forcep Jar

Product Code: HMSD.9024

Size Availability

- 2" x 7" (Large)

The **Cheatle Forceps Jar (Stainless Steel Thermometer Stand)** is a **durable and hygienic storage solution** designed for holding and organizing **Cheatle forceps** and similar surgical instruments in medical and laboratory settings. Made from **high-quality surgical-grade stainless steel**, the jar is **non-sterile, reusable**, and resistant to corrosion, ensuring long-lasting performance.

Its **compact dimensions (2" x 7")** make it space-efficient, while the **transparent design** allows for quick visual identification of instruments during medical procedures. The jar helps maintain **organization, accessibility, and hygiene**, essential for efficient clinical workflows.

Features

- Made from premium stainless steel for durability and corrosion resistance
- Transparent construction for easy instrument visibility
- Compact 2" x 7" design ideal for organized storage
- Lightweight, reusable, and easy to clean
- Enhances efficiency by keeping surgical tools accessible and hygienic
